LAMINATES

3D LUX

Experience luxury with the 3D LUX Series, featuring Adorn Laminates' premium flooring option made with the latest 3D printing technology for a higher quality and more authentic looking floor. On top of its stunning visual appeal, 3D LUX embodies waterproof protection for those household spills, increasing its longevity in your home.

With our state of the art 3D printing technology, we achieve a surface that mimics the deep grains and fine details of natural hardwood floors, resulting in a laminate floor with 50 unique print patterns.

With an AC5 rating, this board is especially resilient to any kind of heavy load, making it suitable for busy households and commercial spaces such as retail stores.

- Board Size 2265 x 235 x 12mm
- Abrasion Rating: AC5
- Decorative Layer: 50 Unique 3D Digital Print patterns

- Water Resistance: Waterproof
- Edge Profile: Micro Bevelled
- Click System: Patented Uniclic
- Suitable Application: Residential & Commercial
